

## LIBERTY CENTER ONE

### To our valued customers

On Monday, August 21st, darkness will travel across the United States as North America will be treated to a total eclipse of the sun. While different parts of the country will experience different degrees of darkness, Liberty Center One's mission is and always has been to never let one dark moment eclipse your valuable data.

To that end, earlier this year we announced the addition of Cincinnati-based Zimcom to the Liberty Center One family. Zimcom is a cloud solutions provider focused on data protection and availability and enhances our mission. We have integrated their CloudStack platform into our cloud resources in Royal Oak and customers can now take advantage of geographic diversity with additional data centers in Cincinnati and Dallas. Our One Cloud Services, combines the agility of a public cloud with the support and performance that customers demand. Our expanded suite of solutions includes:

- *Disaster Recovery as a Service*
- *Infrastructure as a Service*
- *Back-up as a Service*
- *Cloud Desktop Services*
- *Tiered and all-flash Storage*

See the enclosed One Cloud Services flyer for a further overview of these services. If you would like to learn more, feel free to talk to any of us here at Liberty Center One or send a note to [support@libertycenterone.com](mailto:support@libertycenterone.com) and we can set up a demo for you.

To continue the theme of protection, we've enclosed special eclipse safety glasses to share with your friends, family and associates along with guidelines on how to observe this awe inspiring event. You'll also find facts about what NASA is calling "The 2017 Eclipse Across America" and a unique commemorative eclipse stamp from the U.S. Postal Service.

If you would like to join us to observe the eclipse, we'll be serving lunch starting at 1:30 pm at the data center. We hope you'll stop by for great food, music and fun company. If you plan on coming for lunch, please RSVP with an email to [eclipse@libertycenterone.com](mailto:eclipse@libertycenterone.com). And don't forget your viewing glasses!

### We look forward to a bright future together.

#### PS. August 21 Pop-Up Eclipse Party

**AT LIBERTY CENTER ONE**  
4815 Delemere Ave.  
Royal Oak, MI 48073

Winners will be selected at random and notified via Facebook. Giveaway administered by Collaboration LLC. All final decisions made by Collaboration LLC. Facebook and Ray-Ban are not affiliated with this giveaway. All submitted photos become the property of Collaboration LLC.

## To our valued customers

On Monday, August 21st, darkness will travel across the United States as North America will be treated to a total eclipse of the sun. While different parts of the country will experience different degrees of darkness, Zimcom's mission is and always has been to never let one dark moment eclipse your valuable data.

To that end, earlier this year we announced that we have united with Liberty Center One, one of Michigan's leading data center providers. Liberty is an enterprise class, tier 3 data center focused on high availability services and networking. Our staff has integrated our CloudSurge platform and data storage solutions at Liberty's data center to enhance our services to our customers with:

- Enhanced geographic diversity
- Expanded colocation and networking options
- Additional support resources

To learn more about Liberty, visit [libertycenterone.com](http://libertycenterone.com) and if you would like to get more information, feel free to give us a call at 513.231.9500, visit [zimcom.net](http://zimcom.net) or send a note to [sales@zimcom.net](mailto:sales@zimcom.net).

## LIBERTY CENTER ONE

### To our valued friends and associates

On Monday, August 21st, darkness will travel across the United States as North America will be treated to a total eclipse of the sun. While different parts of the country will experience different degrees of darkness, Liberty Center One's mission is and always has been to never let one dark moment eclipse your valuable data. In fact, we're reminded by this event that just one dark moment can be very costly – some estimates show that an IT outage costs businesses an average of \$7,900 a minute.

One Cloud Services from Liberty Center One protects our customers' most valuable assets (their data and applications) from going dark with leading edge, best-in-class technology from names such as Cisco, Dell, EMC, Microsoft, VMware and Veeam. Our CloudSurge platform is a powerful automation tool that gives you full control of all of your cloud-based workloads. And to make sure you are always connected, One Cloud Services utilizes state of the art tier 3 and tier 4 data centers in Royal Oak, Cincinnati and Dallas.

See the enclosed One Cloud Services flyer for a further overview of our suite of solutions including:

- *Disaster Recovery as a Service*
- *Cloud Desktop Services*
- *Infrastructure as a Service*
- *Tiered and all-flash Storage*
- *Back-up as a Service*

Whether it's a cloud, colocation or a hybrid solution, our knowledgeable and experienced staff prides itself in creating the perfect solution for your business. If you would like to learn more, feel free to talk to any of us here at Liberty Center One or send a note to [info@libertycenterone.com](mailto:info@libertycenterone.com). We'll stay in touch and are available to answer your questions at any time.

To continue the theme of protection, we've enclosed special eclipse safety glasses to share with your friends, family and associates along with guidelines on how to observe this awe-inspiring event. You'll also find facts about what NASA is calling "The 2017 Eclipse Across America" and a unique commemorative eclipse stamp from the U.S. Postal Service.
